Solid-wood frame with Nozag-spring seat-base, covered with polyurethane foam. Seat cushion filling is HR foam, in a sandwich construction with a firmer foam on the bottom and a softer on top, with a wrap of fibrefill. Back cushion filling is polydown.

Juul 101 is available with fabric or leather upholstery.

As for fabric upholstery: Standard delivery is with removable cover on the frame with a calico cover underneath.

As for leather upholstery: Standard delivery is with fixed-frame upholstery with a calico cover underneath.

All cushion covers have zip-closing.

The selected fabric determines whether there will be a seam across the chaiselong at the armrest.

With leather covering, there will always be a seam across the chaiselong at the armrest.

Standard delivery is 30 x 60 x 60 mm hidden black lacquered legs.

The factory provides a 5 year guarantee to cover frame, springs and cushion filling.

No guarantee is provided for fabric and leather upholstery. Please see special information on selection of fabric and leather on www.juul.eu

All overall dimensions correspond to frame sizes.
