Solid-wood frame with Nozag-spring seat-base, covered with polyurethane foam. Seat cushion filling is HR foam in a sandwich construction with a firmer foam on the bottom and a softer on top, with a wrap of polydown. Back cushion filling is polydown. Juul 903 is available with fabric or leather upholstery.

As for fabric upholstery: Standard delivery is with removable cover on the frame with a calico cover underneath.

As for leather upholstery: Standard delivery is with fixed-frame upholstery without a calico cover underneath.

All cushion covers have zip-closing. All cushion covers in fabric are reversible.

The selected fabric determines whether there will be a seam across the chaiselong at the armrest. With leather covering, there will always be a seam across the chaiselong at the armrest.

Standard delivery is 175 x 25 x 25 mm corner legs in brushed stainless steel, alternatively 175 x Ø18 mm corner legs in brushed stainless steel or 175 x 50 mm legs in brushed stainless steel mounted inside underneath the sofa.

Furthermore the model is offered with black lacquered, white lacquered or polished legs in stainless steel and with wooden legs in oak nature soap, oak nature lacquered, oil treated and oak black stained in two sizes 175 x 40 x 40 mm eller 175 x Ø50 mm all with an additional surcharge.

The factory provides a 5 year guarantee to cover frame, springs and cushion filling. No guarantee is provided for fabric and leather upholstery. Please see special information on selection of fabric and leather on [www.juul.eu](http://www.juul.eu).

All overall dimensions correspond to frame sizes.
